

BIMOS FLEX standing rest

Workstation Standing Rest BIMOS Flex
(Part. No.: 94**)

The best support for sitting, standing and combined workplaces

Flex is a real all-rounder. It is the practical solution for workplaces where people have to sit as well as stand. To cope with this, Flex has a particularly wide range of heights that can be adjusted steplessly. Its ergonomic backrest and non-slip wave seat surface ensure that you feel completely safe and comfortable when you sit on the Flex. Comfort and resilience co-exist very happily in a Flex. Flex is at home in harsh working environments too. It is solidly built, and is extremely tough. Yet its upholstery is soft and boasts excellent ventilation, thanks to its wavy surface design. Flex is the practical solution when you need something light and uncomplicated.

Design and materials:

Flex has SoftTouch PU integral foam. It features a durable five-legged base frame, which is made from poliamide and provides good stability.

- infinitely variable height adjustment with a pneumatic spring
- 360° rotation
- ergonomic and comfortable backrest
- very good support thanks to anti-slip rippled seat surface
- soft, washable and durable thanks to soft-touch PU foam
- Star base with five glides/castors
- Safety gas lift

5 year long-term full warranty, which is cover the fabric, the glides and castors as well.
