

BIMOS Sintec laboratory

Workstation Chair BIMOS Sintec laboratory (Part. No.: 98**)

Many of our industrial customers swear by Sintec, because it provides users with maximum flexibility and is completely user-friendly. Its superb ergonomic design and individual functions coupled with the wide selection of mechanisms make it the ideal chair for any workplace scenario. Sintec's replaceable upholstery elements provide maximum flexibility. It is the combination of all these factors that makes Sintec our bestseller. It was precisely with this high standard of economics and functionality in mind that Sintec was developed in conjunction with the Fraunhofer Institute (IAO). The experts were so impressed by the results that they decided to award Sintec the Baden-Wurttemberg prize for innovation.

Design and materials:

Sintec Laboratory is supplied with seat and backrest shells made from shockproof and break-proof polypropylene as standard, which makes it particularly easy to clean. The seat and backrest upholstery is really quick and easy to replace. The chair features an epoxy-resin coated, five-legged base frame with flat lines made from sectional steel tubing. The colour of the frame is basalt grey. Sintec Laboratory can be supplied with Stamskin Top synthetic leather or with integral foam upholstery.

- Upholstery with Stamskin Top synthetic leather covering – A bacteria-free zone (antibacterial, antifungal, antimicrobial)
- 5 star base made of stainless steel
- Safety gas lift
- High-comfort upholstery
- Change of seat and back rest covers possible
- Anatomically designed backrest
- The ergonomic design of the seat increases performance

Technical data:

Star base diameter 68 cm

Seat height adjustment 430 -580 mm (580-850mm Sintec 3)

Accessories:

Sintec replaceable upholstery

Depending on where they are going to be used, all Sintec workplace chairs can be fitted with fabric, synthetic leather or hard-wearing integral foam upholstery. The upholstery is attached using a simple hook-on system. This innovative, yet straightforward principle means that you can adapt the chair to the individual workplace scenario. All Sintec replaceable upholstery provides a luxurious level of comfort.

- Quick and easy to attach thanks to the hook-on system
- Can be changed at any time
- Improves the workplace's unique appeal and its flexibility
- Increases seat height by 20mm
- Highly economical, as upholstery can simply be swapped

Sintec synthetic leather upholstery

Non-slip, non-tear Stamskin Top upholstery

Available colors: black

Sintec integral foam upholstery

Easy-care, washable and robust covering, resistant to mild acids and alkalis and capable of withstanding mechanical influences.

Structured surface for optimum climatic comfort.
