

Technical data sheet 700K

Specification Perch

Dimensions in mm

Seat:	H:	665-815
	W:	490
	D:	210
Total:	H:	865
	W (no ArmR):	535
	D:	360

Packaging data	Weight:	kg	6,5
	Volume:	m³	0,09

Basic equipment

Benefit

Seat surface	Comfortable and extra wide seating surface upholstered in Lucia fabric.	Very comfortable seating support due to the wide seat. 60% of the body weight gets supported and therefore, releases joints, sinews, ligaments, spine and circular flow.
Seat height	Seat height adjustment infinitely variable from 665 - 815mm. Self-supporting safety gas spring.	The seat height ranges up to 150 mm and therefore supports tall and small users ideally.
Technique	The comfort of the seat pivots by 20° to the left or right.	Consequently, it creates flexibility and increases the radius of action in order for the user to work more dynamically.
Base/Metal parts	Aluminium base, casting powder coated anthracite. Space saving, is a stable base and tilts forward by 4°.	The slightly tilted forward base creates a stable stand for every different movement. The standing area is step and trip safe.
Glides	Hard glides for soft floors (glides can be turned over to match hard floors -> to become soft glides).	High satiability and alteration options to match the flooring.
Materials	All materials are segregated and recyclable.	Environmentally friendly, help to protect resources.
Norms	GS-Symbol for tested safety, Tested for Contaminants, The Blue Angel.	High level of safety and comfort.
Certifications	Quality Management System DIN EN ISO 9001:2000 acc. to VO (EG) no. 1221/ 2009 EMAS, Environmental Management System DIN EN ISO 14001:2005	High-quality product.
Warranty and Return	3 years full warranty and 5 years long-term warranty. Complete return and recycling guarantee.	Exchange of parts, free of charge within the guaranteed period.
